EDUCATION

- **G.L. Bajaj Institute of Management and Technology** — G.Noida, India
  Bachelor of Technology - Information Technology; GPA: 8.4 — *July 2021 - June 2025*

- **R S Memorial Olympian Public School** — Shikarpur(UP), India
  Intermediate ; percentage: 88.6 — *July 2019 - June 2020*

PROJECTS

- **3D T-shirt customizer - (ReactJs, ThreeJs, Tailwind CSS)**:
  Project Link: T-shirt customizer

  - Developed a feature-rich platform allowing users to upload images and dynamically change the color of t-shirts in real-time.
  - Implemented functionality for users to apply uploaded images as logos or on the entirety of the virtual t-shirt, offering customization options for personalization.
  - Facilitated seamless downloading of customized designs, empowering users to save their creations for further use or sharing

- **Food delivery website (ReactJS)**:
  Project Link:Food Delivery website

  - Designed and developed a robust food website utilizing React and JavaScript, featuring seamless integration of a user-friendly cart system for exploring and purchasing diverse food items.
  - Implemented secure user authentication with login/signup functionalities and streamlined payment options for a smooth checkout experience.
  - Leveraged agile methodologies to continuously enhance features and optimize performance, ensuring an immersive and convenient platform for culinary enthusiasts.

- **Real Time news-website - (HTML, CSS,Javascript,News API)**:
  Project Link:News website

  - Utilized JavaScript skills to spearhead the development of a dynamic news API project.
  - Leveraged API integration techniques to gather and process real-time news data, enhancing user experience and fostering engagement with up-to-date information.
  - Implemented robust error handling mechanisms and optimized performance to ensure seamless functionality and reliability of the news API project.

SKILLS SUMMARY

- **Languages**:   C++(STL,DSA,OOPS), Python, JavaScript
- **Frameworks**:   ThreeJs , React js
- **Tools**:   GIT, Github, Vscode
- **Platforms**:   Web, Windows
- **Subjects** :   Operating System,DBMS, Computer Networks,Software Engineering
- **Soft Skills**:   Leadership, Event Management, Problem Solving, Time Management

ACHIEVEMENTS AND OTHER HIGHLIGHTS

- Secured 2nd rank in academics in department in 2nd year
- Solved 300+ problems on leetcode
- Solved 1000+ problems on different coding platforms
- Organised an intracollege hackathon (NeuroNest)which saw participation of 200+ students

VOLUNTEER EXPERIENCE

- **Technical Content Writer for CodeSpace College Club** — G.Noida, India
  Crafted compelling content by merging technical proficiency with exceptional writing prowess. — *August 2022 - Present*

- **Volunteer at Rotract Club of Gl Bajaj** — G.Noida, India
  Active Member of Rotract Club of Gl Bajaj aimed at achieving excellence in all fields. — *october 2022-present*
